### Chapter 1 by Allison Sanders

There was a dog that i would see walking around a neighborhood it had an owner i just never saw that owner but the thing that i did not know was that this dog did not belong here in our world.

I was walking in the park one day where i saw this creature it was clearly a dog i saw the caller it was filled and covered with technology i was twenty feet away and i only got a glimpse of it before it vanished but these are the things that i saw right away i knew that there was something weird and unusual about this friend i ran home got out my notebook and wrote down every detail that i remember my mother called for supper i got up ten seconds after i sat down and went back over to the park nothing happened so i started to believe earlier was just a vision and that was most likely true because i did not get a lot of sleep last night so i was probably visioning so i went back to my house and went to bed i got everything ready for six grade ran to the park again THE DOG THE DOG i saw it and it saw me and vanished again why i said

I grabbed my bag and walked to school what had happened to me earlier was all i could i saw ally my best friend i ran up to her and told her everything she told in your dreams vivian but i did i

told her she walked off so now i had to prove all this to her i was determined.

I went to the park after school again. She was tapping me on my shoulder i woke up what happened yesterday was a dream. I went back to the park what she said back never mind.
